## A Look Back at ISSA Chicago, And Ahead to Las Vegas in 2017

It may have been the first time in more than 100 years that the Chicago Cubs won the World Series, but the real news in Chicago last month was that Morcon was exhibiting at ISSA/InterClean North America!

We're still smiling after our first experience as an exhibitor at the world's largest cleaning industry trade show. In addition to introducing our new Valay™ line of towel, tissue and napkin products, we had an opportunity to meet face-to-face with some of our valued customers and create a road map for continued success in 2017.

We intended on making a splash, and the reception we received was better than we could have expected. For those of you who visited our booth, thank you for taking the time to say hello. For those who weren't able to make it, we hope to see you next year when we exhibit at ISSA/InterClean North America in Las Vegas!
